EDUCATION

Shanghai Institute of Visual Arts

BA: Arts and Crafts (Jewelry and Accessories Design)

09/2021-06/2025

GPA: 3.5/5.0 84.81%

PROJECTS

Project: Identity Balance

11/2024-04/2025

- Theme: Expression of consumerism in the context of contemporary jewelry design, focusing on satire and reflection by combining luxury symbols with daily necessities to show the profound impact of consumerism on modern life
- Responsibilities: Independently completed the entire design and most of the production process
- Achievements: Won the Bronze Award for Excellent Graduation Works at the university level

Project: Connection

11/2024-04/2025

- Theme: Multifunctional design - aiming to make jewelry more than an ornament by integrating detachable structures and interactive design, balancing artistry and functionality while preventing the loss of small items.
- Responsibilities: Independently completed the entire design and most of the production process.
- Achievements: Won the Bronze Award for Excellent Graduation Works at the university level.

ACTIVITIES
